

## Family & Visitor Benchmark Community Promise

In an effort to promote a safe environment for our residents, associates, and visitors, we are asking that all family members and visitors are provided with a copy and are aware of the Family & Visitor Benchmark Community Promise outlined below. If you have questions regarding the Family & Visitor Benchmark Community Promise, please speak to the Executive Director.

I agree to social distance and remain 6 feet away from other people that I am not in regular close contact with.
I agree to wear a mask (or other appropriate PPE) covering my mouth and nose at all times when I am within six feet of other people per state requirements and CDC recommendations when in the Community or when visiting with a Community's resident whether indoors or outdoors.
I agree to practice good hand hygiene, including washing my hands for at least 20 seconds with warm water upon entry to the community, when exiting the community, after I touch objects that are common use, etc. Hand sanitizer may be used as an alternative.
I understand I should stay at home if I develop a fever, cough, fatigue, sore throat, have lost my taste or sense of smell, or have trouble breathing.
I agree to stay at home and notify my health professional if I was exposed to someone with a known COVID19 infection.
I agree to participate in screening procedures (which includes review of any symptoms and temperature reading) that are used to help ensure the safety of the people who work and live in our community.
If I develop symptoms consistent with COVID-19 including but not limited to fever, cough, fatigue, sore throat, have lost my taste or sense of smell, or have trouble breathing, I agree to contact the community immediately and make them aware of such symptoms.
