

Assisted Living PRICING

Benchmark's monthly pricing is determined by the type of apartment chosen and any care services required. We care for you or your loved ones based on individual needs. Prior to move in, residents will receive a nursing assessment to understand the level of care required, if any. We also assess if any Personal Care Services are needed at this time. We regularly assess residents' care needs, so they remain empowered as they age.

Apartment Pricing

Monthly rental pricing is based on the size of the apartment, whether it's an individual or shared space. We have different apartment options designed to meet the needs of the resident(s).

APARTMENT STYLE AND SIZE	PRICE
