

Benchmark's monthly pricing is determined by the type of apartment chosen and the level of care required. We care for your loved ones based on their individual needs. Prior to move in, residents will receive a nursing assessment to understand the level of care and support required. We regularly assess residents' care needs, so they remain empowered as they age.

Apartment Pricing

The monthly price incorporates the type of apartment chosen, whether it's an individual or shared space. We have options available with the objective of ensuring the space fit residents' needs.
