BENCHMARK

Mind & Memory Care Pricing Sheet

At Benchmark, memory care monthly pricing is based on the type of apartment selected and the level of care and support needed—because every individual deserves personalized, dignified care. Before move-in, each resident receives a comprehensive nursing assessment to determine their specific care needs. Ongoing assessments ensure that support evolves with the resident, helping them remain empowered, engaged, and comfortable as they age.

Apartment Options

The monthly price incorporates the type of apartment chosen and whether it's an individual or shared space. We have options available with the objective of making the space fit residents' needs.

Care Plans*

Wherever individuals are on the care journey, the needs of Benchmark residents are prioritized and personalized. Our care plans are needs-based, determined by a nursing assessment and support individual's abilities by helping them find joy in each new day. Across all plans, tailored care is provided by specially trained care providers who are *Called to Care*. Medication management is included in our care plans.

EAST MEADOWS	WEST WINDS
